Percentage-76%

EXPERIENCE

Data Science Intern at NullClass (Remote)

- Developed AI-powered chatbot applications using open-source LLMs.
- Built a medical Q&A system with entity recognition using FastAPI and Hugging Face.
- Enhanced multilingual chatbot with automatic language detection and Streamlit UI.

LLM-Based Scientific Research Summarization Intern at Acadsigma (Remote)

- Created a FastAPI app to automate research paper summarization.
- Implemented data ingestion, section-wise segmentation, and summarization.
- Used PyPDF2, NLTK, regex, and Hugging Face Transformers for text processing.
- Designed an interactive interface for file upload and URL input.

PROJECTS

My Portfolio

- Built a personal portfolio using HTML, CSS, and PHP to showcase skills, projects, and resume.
- Added contact and feedback forms with backend integration.
- Created an admin panel to manage user submissions.

Grocery Management System

- Built a web-based inventory and sales tracking system.
- Developed using PHP, HTML, and JavaScript.
- Implemented item management (add/update/delete) and customer order features.

SKILLS

- HTML, CSS, JavaScript, PHP, SQL, Laravel.
